Let us Make Dreams Real

[Q] Why do you feel the Rotary Youth Exchange program is so important?

It helps young people comprehend the world better. For young people, especially when they are living with host families, it is a kind of experience — an immersion experience — that cannot be duplicated. It brings rewards that are lifelong and benefits that reach far beyond that one individual.

When I was a young man, I spent two years in California. I was a student, and I also worked as a busboy on Fisherman's Wharf in San Francisco. You could not imagine anything more different from my home village in Korea. Everyone was different, everything was different — the food, the people, the language. It completely changed how I saw the world, and it formed who I became in later life. I think I would still have joined Rotary, but I would not have understood it as well.
