

Dear Rotary Club,
I love this exquisite Dictionary. Now I can talk to my sister in sign language. And I would use it to prove to my sister now to spell vanavisa. I will learn a lot out of the dictionary. Thank you so much.

Love Koss and son under

Date November 2011
Dear Rotary Club,
Thank you for the dictionaries. I really appreciate your thoughtfulness. I felt like I could read every single page or light my head on fire, and I always wanted a dictionary. So thank you for the dictionary. Once my mom and dad see it they will freak out. Thank you so much, Rotary Club and I will look at it every day. Thank you guys so much. and I am going to show it to my mom and dad so they could use it and also I am going to look at it all day and read it today. In the night and I am not going to move from my room at all and if I don't finish the whole book I will do it to morrow.

Thank you again, Destiny

Club Officers 2011-2012

Meetings will be at Fat Catz on Citrus Avenue for the month of December

Of the things we think, say or do
1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?

India presses its advantage against polio

With just one case of polio reported in the last 10 months, India is more determined than ever to ensure eradication of the disease.

As part of that effort, Rotarians helped administer bivalent oral polio vaccine to more than 35 million children during a Subnational Immunization Day on 13 November. The vaccine is effective against the two remaining types of the virus.

Sporting their signature yellow vests and caps, the Rotarians also helped organize free health camps and polio awareness rallies, as well as distribute banners, caps, face masks, comic books, and other items to the children.

On 20 November, a team of Rotarians from District 3700 (Korea) served in a health camp in Meerut, Uttar Pradesh, which included immunization of children against polio. The camp was organized by Indian Rotarians in cooperation with local health officials and UNICEF.

The following day, the team took part in a door-to-door mop-up campaign, administering vaccine to children who otherwise would have missed receiving it. A TV news crew from Korea accompanied the Rotarians throughout their visit, taking the End Polio Now message back to their country.

And in Mumbai, Rotary leaders John Germ, chair of Rotary's US\$200 Million Challenge Committee; Rotary Foundation Trustee Ashok Mahajan; and RI General Secretary John Hewko joined Indian Rotarians in immunizing children.

"This year, there have been just over 500 cases worldwide. The fact that only one of those cases is in India is a tremendous achievement that reflects the determination of the nation's leaders and its citizens to finally rid their country -- and the world -- of this terrible scourge," Hewko wrote in an article published earlier this month in the *Hindu Business Line*.

India's next National Immunization Days are scheduled for January and February, and a series of supplementary activities are planned through June. At the same time, intensive surveillance for the wild poliovirus is continuing throughout the country.

"Rotary has invested heavily in surveillance in India over the last 12 months," said Bruce Aylward, the World Health Organization's assistant director-general for polio eradication and related areas, at a September meeting of Rotary's International PolioPlus Committee. "That's the reason we can say with confidence that we think we're getting close to zero [cases] in India."
